Note from the author:

For the record, since many of our citizens fell for it again, the definition of “**safe**” is “free from **risk**”. Look it up.

How many times have you been hit right between the eyes by the FDA, CDC and TV Media stating the experimental COVID injection is “**safe**”?

Also, for the record, the definition of “**FRAUD**” is a deception deliberately practiced in order to secure unfair or unlawful gain. 2. A piece of trickery; a trick. 3. One that defrauds; a cheat.

Although **fraud** has been a silent covert part of government for years it would seem the current administration is using it overtly.

Please view the following and understand the meaning of “**SAFE**” and “**FRAUD**” as you view them. And then there is treason.

If you care about our country.
